

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Springfield receives allocations of funding from the U.S. Department of Housing Urban Development (HUD) every year to assist with economic and community development, develop and preserve affordable housing, and respond to homelessness. The City receives allocations of Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with HIV/AIDS (HOPWA) grant programs. The HUD funds must benefit low- and moderate-income residents in Springfield (with the exception of HOPWA funds, which serve a broader geography). Springfield's annual allocations are based on a formulas that use a number of community development factors, including population, poverty, overcrowding, pre-1940's housing stock, and population growth. Springfield may spend the CDBG, HOME and ESG funds in all areas of the City, within the eligible designated areas. The City may spend HOPWA funds in the Eligible Metropolitan Statistical Area (EMSA), which is made up of Hampden, Hampshire and Franklin Counties.

To receive the funding, the City must complete a Consolidated Plan every five years. The Consolidated Plan includes an assessment of housing, homelessness and community development needs in the community and outlines a strategy to address those needs. The City incorporates input from community residents and stakeholders as it develops goals and strategies for the five-year plan. The Consolidated Plan outlines the ways the City will allocate CDBG, HOME, ESG and HOPWA funding to address the identified needs.

Annually, the City updates the Consolidated Plan by writing an Action Plan. The Action Plan outlines the projects and the one-year funding allocation towards meeting the goals of the Consolidated Plan. At the conclusion of each program year, the City of Springfield provides a final report, called the Consolidated Annual Performance and Evaluation Report (CAPER), which reports the accomplishments of the prior year and the City's progress towards the Consolidated Plan goals.

This document is the Third Year Action Plan for the City of Springfield for program year 2022-2023. Springfield's program year begins July 1st and ends June 30th. The 2020-2024 Consolidated Plan covers the period from July 1, 2020 to June 30, 2025.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The goals for the 2020-2024 Consolidated Plan focus on three main priorities – fostering an inclusive economy, strengthening neighborhoods, and providing healthy and affordable housing.

To foster an inclusive economy, the City will focus on economic development and supporting the local workforce. The goals under this priority area are:

- Support small businesses with façade improvements
- Support small businesses by creating or retaining jobs that target low- and moderate-income individuals
- Job training and placement with preference given to programs that focus on the hard to serve population, especially individuals who are out of the educational system and or workforce
- Fund supportive services that reduce barriers for low to moderate-income households seeking employment or who are employed, reducing the risk of the “cliff effect”
- Fund efforts around public art and growth of the creative economy, to foster elimination of blight, job creation, and create sense of place

To strengthen neighborhoods, the City will fund projects that support local assets. Funding will go towards historic preservation, social services, clean-up of contaminated sites, public facility improvements, and neighborhood capacity building. The goals under this priority are:

- Public Facilities/Improvements - work to improve the physical environment through enhancement of streets, parks, streetscapes, bikeways, and open space
- Public Facilities/Improvements – design and implement projects which will increase the City’s resilience to natural disasters
- Public Facilities/Improvements – Capital improvements to Non-Profit facilities
- Support public services for low to moderate income families
- Clean-up of unsafe sites and structures
- Support housing inspectors who enforce local housing codes
- Restore and rehabilitate historic housing and buildings to promote historic preservation, smart growth, and creation of new housing and commercial units
- Work with neighborhood councils and stakeholder groups to advance neighborhood planning and design work for future improvement projects
- Work with neighborhood councils to build capacity throughout the neighborhoods

To provide healthy and affordable housing, the City will fund the entire continuum of housing, from addressing the needs of homeless neighbors to helping families buy their first homes. The goals associated with this priority are:

- New affordable housing through rehabilitation, new construction, and acquisition for households with incomes at or below 80% AMI, creating affordable rental and homeownership units
- Assist households with income at or below 80% AMI to become homeowners
- Improve the city's housing stock by funding repairs to owner occupied homes
- Provide rental assistance to low- and extremely low-income households
- Prevent homelessness and rapidly rehouse people experiencing homelessness
- Provide overnight shelter and crisis housing for homeless families and individuals
- Provide housing assistance to persons with HIV/AIDS and their families
- Advocate and promote fair housing through federally funded housing projects and programs

Since the City's current Consolidated Plan was completed in 2020, Springfield's housing market has shifted. The market for both rental and homeownership has tightened, and prices have increased. These increases have been associated with a decrease in vacant and abandoned housing, and a shortage of affordable units. As a result of this shift, the City is putting more of an emphasis on production of new units.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Springfield set 14 goals as part of its 2015-2019 Consolidated Plan. According to its 5th year CAPER, 11 of the goals had been met or exceeded by the City and its partner providers. Goals that addressed code enforcement, supported a public service or provided housing for the homeless were exceeded by large margins. Even with meeting these goals, stakeholder and public input continue to reinforce the need to continue these same strategies. Accomplishments from the five years of the 2015-2019 Consolidated Plan include:

- Rental housing renovated – 56 units renovated
- Homeowner housing created - 5 units built
- Homeowner housing renovated – 133 units renovated
- Direct financial assistance to homebuyers - 491 homebuyers assisted
- Provided rental assistance in the form of Rapid Re-Housing - 908 households assisted
- Support economic development initiatives – 107 jobs created or retained
- Support economic development initiatives – 126 businesses assisted
- Facade improvements for businesses - 10 businesses assisted
- Provided homelessness prevention services – 2,285 persons assisted
- Support services provided by homelessness shelters – 253 people served
- Support public services for those in need – 42,315 people served
- Demolished unsafe buildings or structures - 30 buildings demolished

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City of Springfield encourages community input when developing its Consolidated Plan and Action Plan, and did so through the use of multiple outlets and outreach methods.

The Annual Action Plan process consists of: public notice published in the *Republican, LaVoz and Metro Record* newspapers; posting of hearing dates, request for comments and draft plan on the City's website, and two public hearings. This year the public hearings were held virtually due to the Coronavirus pandemic. The hearings were held on the City of Springfield's Facebook page; two Facebook Live hearings were held on January 20 and January 27, 2022.

The Annual Action Plan DRAFT was available for public review and 30 day comment period from April 12, 2022 through May 11, 2022. A Facebook Live public hearing was held on April 27, 2022. Copies of the DRAFT Plan were available for public review on line at <http://www.springfield-ma.gov/comm-dev/>. Interested parties could also call 413-750-2241 to request a copy.

Interested parties were also invited to submit written comments concerning these documents by 4:00 PM on May 11, 2022. Questions or comments could be directed to Cathy Buono, Office of Community, 1600 East Columbus Avenue, Springfield, MA 01103 or to cbuono@springfieldcityhall.com.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Citizen Participation and comments are made part of this document; AD-26.

6. Summary of comments or views not accepted and the reasons for not accepting them

Due to Coronavirus pandemic, the hearings were held on the City of Springfield's Facebook page as Facebook Live meetings. The hearings were in English and in Spanish. The City accepted all comments during the planning process. All comments received are made part of this document; AD-26.

7. Summary

The 2020-2024 Consolidated Plan examines the needs of the community and reviews established plans in the community, combining all the information together with public and stakeholder input to guide the City's goals and strategies for the next five years. It provides a blueprint for the City as it utilizes CDBG, HOME, ESG and HOPWA funding, as well as for other funding related to community and economic development.

In winter and spring 2020, Springfield coordinated with the cities of Holyoke, Chicopee and Westfield to create a Four City Analysis of Impediments to Fair Housing (AI). The cities engaged the Pioneer Valley Planning Commission, the Donohue Institute at UMass Amherst, and the Mass Fair Housing Center to compile and analyze data, undertake a public participation process, and make recommendations to overcome identified impediments. The recommendations have been incorporated into Springfield's Consolidated Plan and Annual Action Plan.

The City of Springfield is the Unified Funding Agency and lead for the Springfield-Hampden County Continuum of Care (CoC). The CoC engages in its own analysis and planning to respond to homelessness throughout all of Hampden County. The City's Consolidated Plan and the CoC's Plan are closely coordinated and include the same goals and strategies to make homelessness rare, as short as possible, and non-recurring.

In its planning, the City also considered the strategies and missions of other private and public funding resources and initiatives in the community when developing its Consolidated Plan goals. Examples of these considerations include, but are not limited to, Live Well Springfield, Springfield Climate Justice Initiative, Massachusetts Fair Housing Center, MassHire Hampden County Workforce Board, the United Way of Pioneer Valley, and the Springfield Regional Chamber of Commerce. While some of the initiatives were not items that directly result in the development of housing units or serve people, they offer guidance to the types of projects that the City should prioritize. Some of these priorities include:

- Support organizations and programs with diverse or inclusive Boards of Directors and staff
- Support programs and projects that help low- and moderate-income households address changing demands of climate change as it relates to housing efficiency, disaster preparation or other needs
- Support programs and projects that help low- and moderate-income individuals who are less likely to access services but may need assistance
- Support fair housing choice through advocacy, education and testing, as well as increasing opportunity within racially and ethnically concentrated areas of poverty
- Support programs that improve access to education and job training opportunities, as well as improving access to broadband internet services
- Support the development of green infrastructure where it is financially feasible as part of neighborhood revitalization

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	SPRINGFIELD	Office of Community Development
HOPWA Administrator	SPRINGFIELD	Office of Housing
HOME Administrator	SPRINGFIELD	Office of Housing
ESG Administrator	SPRINGFIELD	Office of Housing

Table 1 – Responsible Agencies

Narrative (optional)

The City of Springfield Development Services Division is the lead agency, responsible for administering the programs covered by the Consolidated Plan, Annual Action Plan and any other HUD related documents. This Division is made up of the following departments: Community Development (OCD), Planning and Economic Development (OPED), Housing, Code Enforcement, and Neighborhood Services. The Division administers funds provided to other City Departments to carry out the plan, including Parks and Recreation, Public Works, Capital Assets, Elder Affairs, and Health and Human Services. The Division also contracts and oversees grant funding to various agencies and nonprofit organizations.

Consolidated Plan Public Contact Information

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City encourages the participation of local and regional institutions, the Continuum of Care, and other organizations, including businesses, developer, nonprofit organizations, philatropic organizations, community based organizations and faith based organizations, in the process of developing, amending and implementing the Consolidated Plan. The City also encourages the participation of the City's low and moderate income residents, residents of public and assisted housing developments located within the City and residents of the targeted Neighborhood Revitalization Strategy Area (NRSA) in which funded programs and projects are located.

For the 5-year Consolidated Plan created in 2020, the City hosted five public meetings for residents, business owners and nonprofit agencies. The City notified the public of the meetings through mailings, City website, social media posts and an email was sent to the City's Community Development listserv. Four of the meetings focused on different topics: housing, homelessness, public services and economic development. People were also encouraged to fill out a survey. The City used input at these meetings, along with the survey results to develop its five year priorities and goals.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Springfield works to increase coordination among agencies from multiple sectors in a number of efforts. Key efforts which enhance coordination between housing providers and other agencies include:

- 1. Green and Healthy Homes Initiative** - A collaboration of health providers, housing rehabilitation providers, weatherization providers, and contractors working together to increase understanding of the connection between housing conditions and health risks and to intervene to address housing conditions that contribute to poor health (such as asthma triggers, lead paint and other toxins, and trip/fall hazards).
- 2. Western Massachusetts Network to End Homelessness** - The Network sponsors, in coordination with the Springfield-Hampden County Continuum of Care, four monthly meetings that bring together housing, shelter and social service providers to coordinate the housing response to homelessness among Individuals, Families, Unaccompanied Youth, and Veterans.
- 3. C3 community/public safety initiatives in the North End, South End, Mason Square, and lower Forest Park**, which include weekly problem-solving meetings attended by residents, police, landlords,

business owners, social service agencies and others to respond to neighborhood needs, as well as enhanced community-oriented policing.

Other coordination activities that the City leads or participates in include The Springfield Food Policy Council, LiveWell Springfield, the Springfield Climate Justice Coalition, and the BUILD Health Challenge.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Springfield Office of Housing is the Collaborative Applicant and grant administrator for the Springfield-Hampden County Continuum of Care, and is also the Homeless Management Information System (HMIS) Lead for the CoC. City and CoC efforts are closely aligned and coordinated.

Chronic Homelessness Springfield is committed to ending chronic homelessness, and is part of the national Built for Zero campaign sponsored by Community Solutions, which incorporates best practices, data-driven strategies, and peer learning to help communities design and implement the systems necessary for ending chronic and veteran homelessness. The City leads regular case conferencing meetings among multiple providers to match chronically homeless individuals to available housing opportunities. The City has dedicated staff and HOME funds, and coordinates with the Springfield Housing Authority, in order to increase resources available for housing chronically homeless individuals.

Veteran Homelessness Springfield has joined the Mayor's Challenge to End Veteran Homelessness, as well as the Built for Zero campaign. City staff coordinate a homeless veteran by-name list and regular case conferencing meetings to connect homeless veterans with housing opportunities.

Homeless Unaccompanied Youth The CoC was designated a Youth Homelessness Demonstration Project (YHDP) community in 2019, and conducted a community planning process in 2019-2020, which produced a coordinated community plan to prevent and end youth and young adult homelessness. The plan was accepted by HUD in spring 2020, and the CoC began receiving HUD funds to implement the plan July 1, 2020. During the past year, subrecipients have created a youth-specific consolidated entry and navigation project, with a 24/7 phone number for youth to call for help, as well as 49 new units of housing dedicated to this population.

Homeless Families with Children The Commonwealth of Massachusetts provides diversion assistance and emergency shelter for families in a closed system. Springfield participates in a Family Services committee that meets monthly to coordinate local resources with the state system. The City provides Emergency Solutions Grant (ESG) funds for programs that serve homeless families not eligible for state assistance.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City's response to homelessness and the Continuum of Care are both operated by the City's Office of Housing, which ensures that City and CoC closely coordinate strategies.

For the ESG program, the Office of Housing seeks information from CoC members regarding funding priorities and performance standards, and creates draft priorities and standards, which are reviewed again with the CoC. Individual ESG programs are selected for funding using a request for proposals (RFP) process, and CoC members are part of the review committee.

The CoC includes a Data and Performance Committee, which has set performance standards for ESG and CoC programs. The standards are reviewed annually and adjusted when warranted. Performance results are used as part of the annual process of deciding which programs will receive funding.

The City's Office of Housing is the CoC's Homeless Management Information System (HMIS) Lead. The CoC has an HMIS Governance Agreement which identifies the City as the lead, and determines roles and responsibilities. The CoC, working with the CoC HMIS Committee, created HMIS Policies and Procedures, which have been reviewed and voted on by the CoC Board of Directors.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Table 2 – Agencies, groups, organizations who participated

1	Agency/Group/Organization	CITY OF SPRINGFIELD
	Agency/Group/Organization Type	Services-homeless Agency - Managing Flood Prone Areas Agency - Management of Public Land or Water Resources Agency - Emergency Management Planning organization Civic Leaders Business and Civic Leaders
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Strategy Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Attended focus groups and provided answers to questions directly in the Consolidated Plan.
2	Agency/Group/Organization	Revitalize CDC
	Agency/Group/Organization Type	Housing Civic Leaders Neighborhood Organization
	What section of the Plan was addressed by Consultation?	Market Analysis
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Participation in coordinated Healthy Homes Initiative; provided input regarding home rehabilitation and development of housing for homeownership.

Identify any Agency Types not consulted and provide rationale for not consulting

During the Consolidated Plan process, the City of Springfield strived to meet with as many organizations as possible. The City offered organizations five different times in which they could attend a focus group meeting, to discuss the needs of the community. Organizations that could not attend a meeting were called at a different times to solicit their input.

The City held two Facebook Live hearings during the planning process of the Third Program Year Action Plan 2022-2023. The City did not hold any focus groups or in person meetings while planning the Action Plan due to the Coronavirus pandemic.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Springfield-Hampden County Continuum of Care	Ending Veteran and chronic homelessness. Creating a youth centric system to respond to youth under 25 experiencing housing instability.
Regional Housing Plan	Pioneer Valley Planning Commission	Strategic Plan included strategies regarding neighborhood revitalization which are consistent with the Regional Housing Plan.
Analysis of Impediments to Fair Housing (2020)	Pioneer Valley Planning Commission	Strategic plan incorporates strategies to overcome identified impediments
Climate Action and Resilience Plan	Pioneer Valley Planning Commission	Strategic plan incorporates development of complete streets, energy-efficient construction, and improved communication between government and City residents

Narrative (optional)

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City's Participation Plan is designed to encourage citizens to participate in the development of the Consolidated Plan, Annual Action Plan, substantial amendments to the Consolidated Plan and Performance Reports (CAPER). As described in the plan, the City encourages the input of low/moderate income residents by 1) outreach to the public through mailings, 2) conducting a series of public hearings at various stages of the planning process, 3) creating a system to accept and respond to written comments from the citizens.

To ensure participation among low and moderate income residents the public hearings are held in areas where funds are mostly to be spent and to public housing residents.

The City makes information available and accessible to all interested parties. At a minimum, the City provides information concerning proposed activities, including amount of assistance, range of activities to be undertaken and the amount that will benefit low/moderate income persons. All information is provided in English and Spanish.

The City relied on input received from the public in establishing its priorities and goals for its Consolidated Plan, 2020-2024.

Due to Coronavirus pandemic, the hearings were held on the City of Springfield's Facebook page as Facebook Live meetings. The hearings were in English and in Spanish.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

In 2022-2023 the City of Springfield estimates it will receive \$3,780,000 of CDBG funding, \$1,840,733 of HOME funding, \$333,698 of ESG funding and \$726,899 of HOPWA funding. The amounts listed in this section do not include any allocations City will receive as a part of the 2020 Coronavirus Aid, Relief, and Economic Security (CARES) Act or the 2021 American Rescue Plan Act (ARPA).

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
ESG	public - federal	Conversion and rehab for transitional housing Financial Assistance Overnight shelter Rapid re-housing (rental assistance) Rental Assistance Services Transitional housing	333,698	0	0	333,698	702,516	ESG funds may be used for five program components: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, and HMIS; as well as administrative activities.

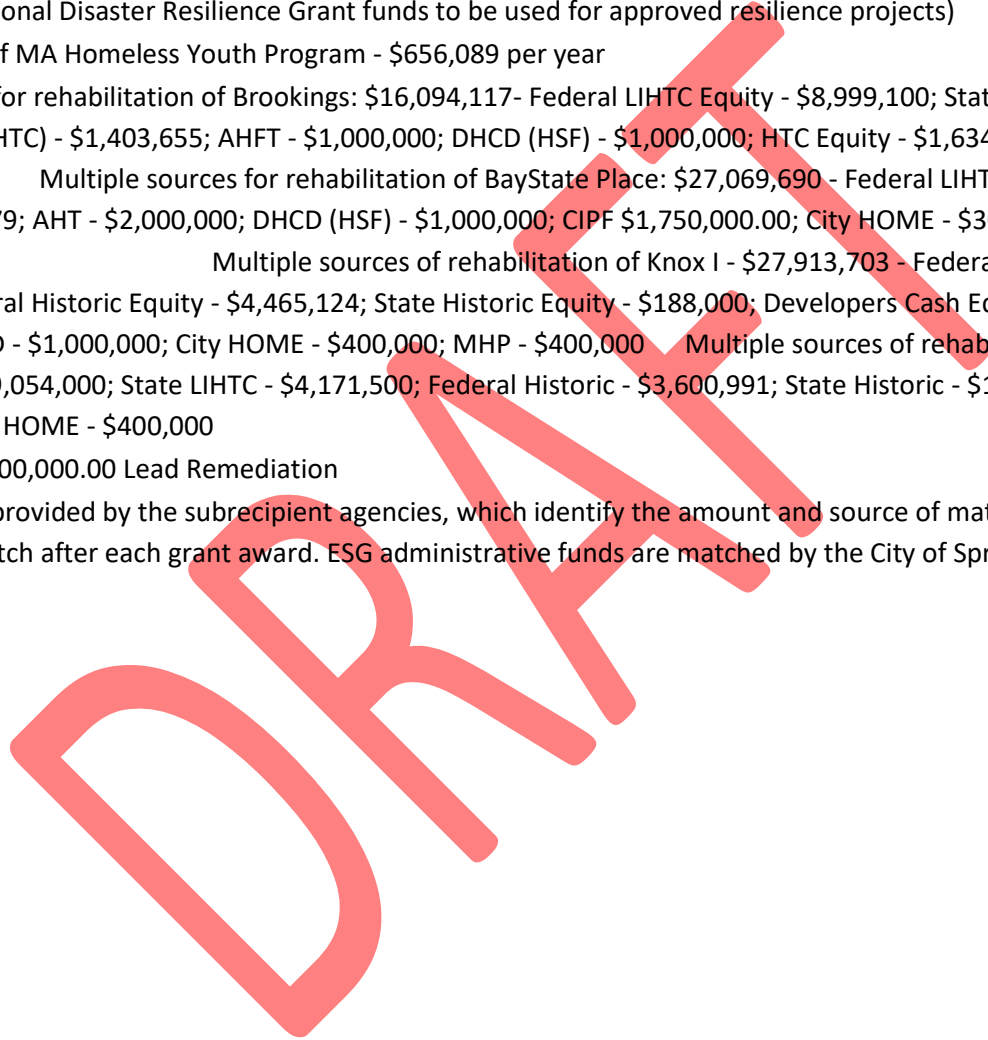

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Sources of Leveraged Funds include:

- Continuum of Care - US Dept. of HUD -\$6,470,022 federal funds (funding for permanent supportive and rapid rehousing housing for persons experiencing homelessness), plus 25% match contributed by subrecipients
- Health Care for the Homeless - \$2,105,633 (funding for health services for person experiencing homelessness)
- Heartwap - State of MA - \$535,000 (funding for heating system repair and maintenance)
- City Bond Funds - Sidewalks - \$650,000 (funding for roads/sidewalks)

- City ARPA Funds - 123,000,000
- CDBG-DR - US Dept. of HUD - \$21,896,000 (disaster recovery funds - to be used for projects in the tornado path) NDR - US Dept. of HUD - \$17,056,880 (National Disaster Resilience Grant funds to be used for approved resilience projects)
- Commonwealth of MA Homeless Youth Program - \$656,089 per year
- Multiple sources for rehabilitation of Brookings: \$16,094,117- Federal LIHTC Equity - \$8,999,100; State LIHTC Equity - \$1,382,179; CBH - \$574,790; State (HTC) - \$1,403,655; AHFT - \$1,000,000; DHCD (HSF) - \$1,000,000; HTC Equity - \$1,634,393; City HOME - \$100,000
 Multiple sources for rehabilitation of BayState Place: \$27,069,690 - Federal LIHTC Equity - \$10,375,000; State LIHTC Equity - \$1,382,179; AHT - \$2,000,000; DHCD (HSF) - \$1,000,000; CIPF \$1,750,000.00; City HOME - \$300,000
 Multiple sources of rehabilitation of Knox I - \$27,913,703 - Federal LIHTC - \$9,200,000; State LIHTC - \$8,651,000; Federal Historic Equity - \$4,465,124; State Historic Equity - \$188,000; Developers Cash Equity - \$1,109,579; AHFTF - \$2,500,000; DHCD - \$1,000,000; City HOME - \$400,000; MHP - \$400,000
 Multiple sources of rehabilitation of Knox II - \$22,390,291 - Federal LIHTC - \$9,054,000; State LIHTC - \$4,171,500; Federal Historic - \$3,600,991; State Historic - \$1,663,800; DHCD - \$1,000,000; AHFTF - \$2,500,000; City HOME - \$400,000
- LEAD Grant - \$2,300,000.00 Lead Remediation
- Match for ESG is provided by the subrecipient agencies, which identify the amount and source of match in their application to the City, and verify the match after each grant award. ESG administrative funds are matched by the City of Springfield using CDBG funds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Springfield regularly becomes the owner of vacant lots and residential buildings through foreclosure for nonpayment of property taxes. The City frequently uses residential vacant lots for development of new homes and seeks new owners for homeownership or management of multi-family buildings. In some instances, the City makes vacant lots available simultaneously with federal funds dedicated to new construction, for the purpose of creating quality affordable homeownership opportunities.

Discussion

Springfield will invest multiple resources in projects to maximize the impact of the federal funds in the community. The City's planning for federal HUD funds took into consideration other funding sources available to address community needs. Springfield's Consolidated Plan uses all available resources in a coordinated and leveraged way, working towards and achieving the best possible outcomes.

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	Public Services - General
	Goal Description	Public Service activities other than low/mod housing; provide services to homeless, recovery support, youth services, ESOL, job training and other public service activities to low moderate income persons.
2	Goal Name	Improve Housing Stock
	Goal Description	Existing homeowner rehab-Emergency repair- Heartwap; Revitalize
3	Goal Name	Down Payment
	Goal Description	First time homebuyer and program delivery. Direct financial assistance

4	Goal Name	Historic Preservation
	Goal Description	Restore and rehabilitate historic housing and buildings to promote historic preservation, smart growth and creation of new housing and commercial units.
5	Goal Name	Clean up of Sites
	Goal Description	Buildings demolished; graffiti removal and dispose of properties
6	Goal Name	Capacity Building
	Goal Description	Work with neighborhood councils to build capacity
7	Goal Name	Creative Economy
	Goal Description	Fund efforts around public art and growth of the creative economy to foster elimination of blight, job creation and create a sense of place.
8	Goal Name	Street Sweeps
	Goal Description	Support housing inspectors and staff who enforce local housing.
9	Goal Name	Public Facilities
	Goal Description	Public facilities/improvements, work to improve the physical environment through enhancement of streets, parks, streetscapes, bikeways and open space.
10	Goal Name	Support Small Businesses
	Goal Description	Support small businesses
11	Goal Name	Public Facilities - Non Profit
	Goal Description	Capital improvements to non-profits

12	Goal Name	New Affordable Housing - Owner
	Goal Description	Provide affordable homeownership opportunities through new construction for households with incomes below 80% of AMI; CHDO and Non-CHDO
14	Goal Name	Renovate Affordable Housing - Rental
	Goal Description	Rental units rehabbed
15	Goal Name	Rapid Re-Housing
	Goal Description	TBRA- Renovate affordable Housing- Homeless prevention
16	Goal Name	Homelessness Prevention
	Goal Description	Rehousing overnight shelter; provide healthy and affordable housing
17	Goal Name	Overnight Shelter
	Goal Description	Provide overnight shelter
18	Goal Name	Rental Assistance
	Goal Description	TBRA--HOME
19	Goal Name	HOPWA
	Goal Description	Provide housing assistance with persons with aids/rental assistance and supportive services
20	Goal Name	Job Training- Public Service
	Goal Description	job training and placement with preference given to programs that focus on hard to serve population

21	Goal Name	Fair Housing
	Goal Description	Advocate and promote fair housing through federally funded housing projects and programs. Provide comprehensive fair housing education and legal advocacy focusing on low and moderate income persons, minorities, recent immigrants, disabled persons and households with children.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Springfield's investment of CDBG funds is based on whether the activity falls within a City funding priority, whether the service is an eligible activity, and whether the service or need meets a national objective. In addition, the activity must meet one of the following CDBG objectives: (1) provide a suitable living environment; (2) provide decent housing; and (3) provide economic opportunity.

CDBG and HOME resources are allocated to maximize the benefits within target areas. While public infrastructure, parks, open space and public facility type projects are exclusively within targeted areas, other strategic investments are made for the benefit of low-moderate income residents throughout the City. In order to meet high priority needs of the community such as job creation and economic development, it may be necessary to invest outside low/moderate census tracts.

Emergency Solutions Grant (ESG) funding is dedicated to meet the needs of homeless or at-risk households, wherever they are located. Shelter operation funds go to the geographic location of the eligible shelters. After the CoC and the City determine priorities, specific funding allocations are made through a request for proposal process (RFP).

HOPWA funds are allocated throughout the EMSA which includes Hampden, Hampshire and Franklin counties. HOPWA funds are allocated primarily to alleviate the housing cost burden and provide supportive services for eligible households.

Decisions on the specific agencies/programs to be funded will be made after July 1, 2022.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	9000 low and moderate income persons
	Location Description	CDBG eligible areas and NRSA neighborhoods.

	Planned Activities	Youth services, including after school programs and summer programs, employment training and education programs, elderly services, adult learning, disability services, veteran services, child care and other eligible public service activities.
4	Project Name	Emergency Rehabilitation Program-Emergency Repair and Program Delivery
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Improve Housing Stock
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	CDBG: \$425,000
	Description	The Office of Housing will offer a 0% deferred interest loan to income eligible homeowner's to complete emergency repairs or modifications to accommodate mobility limitation to homeowners. Funding includes rehab loans and program costs associated with the housing rehabilitation program.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	Housing rehabilitation for 30 households; program will serve extremely low; low and moderate income homeowners.
	Location Description	Income eligible households; City of Springfield, MA
	Planned Activities	Emergency rehabilitation costs for 30 households and program delivery
5	Project Name	HEARTWAP
	Target Area	Local Target Area
	Goals Supported	Improve Housing Stock
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	CDBG: \$175,000
	Description	The Office of Housing will staff to operate a state funded heating system repair and replacement program for income eligible households. Some of the funding will be set aside to pay direct costs that exceed the programmatic limits for system repairs and replacement.
	Target Date	6/30/2022

	Estimate the number and type of families that will benefit from the proposed activities	350 income eligible
	Location Description	Citywide-Springfield, MA
	Planned Activities	Energy replacement improvements
6	Project Name	First Time Homebuyer & Program Delivery
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Down Payment
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	CDBG: \$100,000 HOME: \$400,000
	Description	The FTHB and financial assistance funds eligible households with down payment and closing costs of \$4000 per household at the time of the closing. Funding includes individual homebuyer assistance and program costs are related to the FTHB program. The program is administered through the Office of Housing.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	100
	Location Description	Income eligible households in Springfield, MA
	Planned Activities	FTHB activities; homeowner financial assistance
7	Project Name	Historic Preservation
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Improve Housing Stock
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	CDBG: \$100,000

	Description	The Office of Planning & Economic Development will work in conjunction with the Office of Housing in looking for funding for historic restoration of city owned properties. An RFP will be issued for funding. Funds will be used for the elimination of slum and blight on the facade of the property.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	1 housing unit
	Location Description	CDBG eligible area
	Planned Activities	Rehab to properties
8	Project Name	Revitalize CDC
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Improve Housing Stock
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	CDBG: \$35,000
	Description	Funds will be used to run a rehabilitation program. Rehabilitation may include upgrades to a roof, energy efficient windows, age in place modifications, mold remediation, repairing steps and addressing code enforcement issues.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	3 Housing units
	Location Description	????
	Planned Activities	Repairs to homes that will increase homes energy efficiency, health and safety
9	Project Name	Clearance & Demo Program Delivery
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Clean up of Sites
	Needs Addressed	Strengthen Neighborhoods

	Funding	CDBG: \$28,000
	Description	Clearance & Demo Program will fund program costs associated with clearance & demolition of blighted properties. The program administered through the Office of Housing.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	5 properties
	Location Description	CDBG target areas and NRSA neighborhoods
	Planned Activities	Clearance & Demo of blighted properties
10	Project Name	Capacity Building
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Capacity Building
	Needs Addressed	Strengthen Neighborhoods
	Funding	CDBG: \$49,000
	Description	Funds will be allocated for staffing costs associated with building capacity within existing neighborhood organizations to undertake neighborhood revitalization projects.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	10 neighborhood organizations
	Location Description	CDBG eligible neighborhoods
	Planned Activities	Build capacity in neighborhoods
11	Project Name	Cultural Art Project
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Creative Economy
	Needs Addressed	Foster an Inclusive Economy
	Funding	CDBG: \$50,000

	Description	The Office of Planning & Economic Development will procure public art pieces for public display in CDBG eligible areas. The program will seek to purchase art from local artists to display in public areas.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	2000 low and moderate income persons
	Location Description	City of Springfield, CDBG eligible target neighborhoods
	Planned Activities	RFP process; selection of artists and installation of art work
12	Project Name	Disposition Program Delivery
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Clean up of Sites
	Needs Addressed	Strengthen Neighborhoods
	Funding	CDBG: \$33,000
	Description	Funds are used to provide staff costs associated with the disposition of properties. The program is designed to effect redevelopment.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	20 properties
	Location Description	CDBG target areas and NRSA neighborhoods
	Planned Activities	Clearance & Demo of blighted properties
13	Project Name	Code Enforcement-Street Sweeps
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Street Sweeps
	Needs Addressed	Strengthen Neighborhoods
	Funding	CDBG: \$35,000

	Description	The Code Enforcement Program is dedicated to the improvement of the quality of life of the citizens of Springfield. Funds will be used to conduct proactive street sweeps on weekends. They will be performed on a house-house/street/street basis. All are located within CDBG target neighborhoods and NRSA neighborhoods.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	500 Housing Units
	Location Description	CDBG Target areas and NRSA neighborhoods
	Planned Activities	Saturday street sweeps
14	Project Name	Public Infrastructure
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Public Facilities
	Needs Addressed	Strengthen Neighborhoods
	Funding	CDBG: \$345,000
	Description	Funding will be used to improve pedestrian and bicycle circulation and safety, bike share and wayfinding infrastructure; lighting, physical repairs and the reconstruction of sidewalks and streets that will improve the infrastructure system within the CDBG eligible neighborhoods. These infrastructure improvements will be targeted to compliment other projects funded with HUD grants and planning initiatives.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	5000 low income persons
	Location Description	CDBG eligible areas and NRSA neighborhoods
	Planned Activities	Physical repairs and reconstruction of sidewalks; design for improvements of major corridor for vehicular and pedestrian circulation.
15	Project Name	Park Restoration
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal

	Goals Supported	Public Facilities
	Needs Addressed	Strengthen Neighborhoods
	Funding	CDBG: \$775,000
	Description	CDBG funds will be allocated to provide upgrades and improvements to the parks, splash pads and pools in target and NRSA neighborhoods. The Office of Community Development will work with the Park Department and Capital Assets Department to complete park projects.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	4000 low income and moderate persons
	Location Description	CDBG eligible areas and NRSA neighborhoods-Parks TBD
	Planned Activities	Upgrades to parks, splash pad improvements
16	Project Name	Graffiti
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Clean up of Sites
	Needs Addressed	Strengthen Neighborhoods
	Funding	CDBG: \$40,000
	Description	Program costs associated with the removal of graffiti from privately owned buildings. The program will be administered through the Office of Housing.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	200 buildings
	Location Description	CDBG eligible areas and NRSA neighborhoods
	Planned Activities	Removal of graffiti to privately owned buildings
17	Project Name	Business Technical Assistance Program
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal

	Goals Supported	Support Small Businesses
	Needs Addressed	Foster an Inclusive Economy
	Funding	CDBG: \$50,000
	Description	Small Business Technical Assistance Program will be administered by the Office of Planning & Economic Development. The program will provide technical assistance for new and existing businesses within CDBG target areas in Springfield. The program will be structured to help business growth and create new jobs.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	2 businesses
	Location Description	CDBG eligible target areas and NRSA neighborhoods
	Planned Activities	Provide technical assistance to 7 businesses
18	Project Name	Rehabilitation for Non Profits Program
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	Public Facilities - Non Profit
	Needs Addressed	Strengthen Neighborhoods
	Funding	CDBG: \$250,000
	Description	The City will fund nonprofit organizations for capital improvements to their facilities.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	8 Non Profit Organizations
	Location Description	Nonprofit agencies throughout Springfield that serve low income residents of Springfield
	Planned Activities	Rehab of Non Profit facilities
19	Project Name	HOME Planning & Administration
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal

	Goals Supported	Renovate Affordable Housing - Rental New Affordable Housing - Owner Down Payment Improve Housing Stock
	Needs Addressed	Strengthen Neighborhoods Provide Healthy and Affordable Housing
	Funding	HOME: \$184,273
	Description	The Office of Housing will use these funds for the planning & execution of the HOME Program including general management and oversight of the program.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	N/A
	Planned Activities	N/A
20	Project Name	Project Based Homeownership-CHDO/Non-CHDO
	Target Area	Local Target Area
	Goals Supported	New Affordable Housing - Owner
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	HOME: \$353,460
	Description	Funds for developers to acquire and rehabilitate and/construct housing for resale to income eligible households.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	2 Units
	Location Description	CDBG eligible areas
	Planned Activities	Funds for developers to acquire, rehabilitate and/or construct housing for resale to income eligible households.
21	Project Name	Rental Production
	Target Area	Local Target Area

	Goals Supported	Renovate Affordable Housing - Rental
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	HOME: \$600,000
	Description	Funds for the preservation or development of affordable rental housing. The program will be operated by the Office of Housing. Funds will be loaned to for profit and nonprofit developers.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	11 rental housing units housing for low and moderate income households
	Location Description	City of Springfield Target area
	Planned Activities	Rehab/creation of affordable rental housing.
22	Project Name	Tenant Based Rental Assistance (TBRA)
	Target Area	Local Target Area
	Goals Supported	Rental Assistance
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	HOME: \$305,000
	Description	Rental assistance will be provided to homeless, special needs or young adult households. Ongoing rental assistance is provided to households; links subsidies together with supportive services. One time security deposit assistance is being provided to assist in moving from homelessness to stable housing. The program provides a preference to households experiencing chronic homelessness.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	40 households
	Location Description	City of Springfield
	Planned Activities	Rental assistance and security deposit assistance
23	Project Name	ESG22 City of Springfield
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal

	Goals Supported	Homelessness Prevention Rapid Re-Housing Overnight Shelter
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	ESG: \$333,698
	Description	The Office of Housing will use these funds for the planning & execution of the ESG Program, including the general management and oversight and will be provided to subrecipients to operate emergency shelter, prevent homelessness and provide rapid rehousing funds and assistance to homeless households. The program will fund financial assistance and social services.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	1480 extremely low income and low income persons assisted
	Location Description	Springfield, MA
	Planned Activities	Planning & Administration, Shelter Operations, Homeless Prevention and Rapid Rehousing
24	Project Name	2022-2024 City of Springfield MA22F002 (SPFLD)
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	HOPWA
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	HOPWA: \$21,806
	Description	Salaries for Administration of the HOPWA Grant through the Office of Housing
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	EMSA-Hampden, Hampshire and Franklin counties
	Planned Activities	N/A

25	Project Name	2022-2024 Cooley Dickinson MA22F002 (SPFLD)
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	HOPWA
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	HOPWA: \$241,442
	Description	Cooley Dickinson- A positive Place HOPWA Grant; Tenant Based Rental Assistance and supportive services.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	17 individuals
	Location Description	EMSA-Hampden, Hampshire and Franklin Counties
	Planned Activities	Funding for Cooley Dickinson's A Positive Place program to provide supportive services and TBRA to households impacted by HIV/AIDS
26	Project Name	2022-2024 River Valley MA22F002 (SPFLD)
	Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
	Goals Supported	HOPWA
	Needs Addressed	Provide Healthy and Affordable Housing
	Funding	HOPWA: \$266,499
	Description	River Valley Counseling Center HOPWA Grant. Tenant Based rental assistance and supportive services.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	25 extremely low and low income households
	Location Description	EMSA-Hampden, Hampshire and Franklin County
	Planned Activities	Funding for River Valley Counseling Center to provide rental assistance and supportive services to persons with HIV/AIDS and their families
27	Project Name	2022-2024 New North MA22F002 (SPFLD)

Target Area	Local Target Area NRSA - 2020 Consolidated Plan Renewal
Goals Supported	HOPWA
Needs Addressed	Provide Healthy and Affordable Housing
Funding	HOPWA: \$197,152
Description	NNCC HOPWA Program-STRMU and rental startup
Target Date	6/30/2022
Estimate the number and type of families that will benefit from the proposed activities	50 individuals with HIV/AIDS and their families
Location Description	EMSA-Hampden, Hampshire and Franklin Counties
Planned Activities	Funding to provide supportive services, STRMU and housing placement to households impacted by HIV/AIDS

DRAFT

AP-50 Geographic Distribution – 91.220(f)

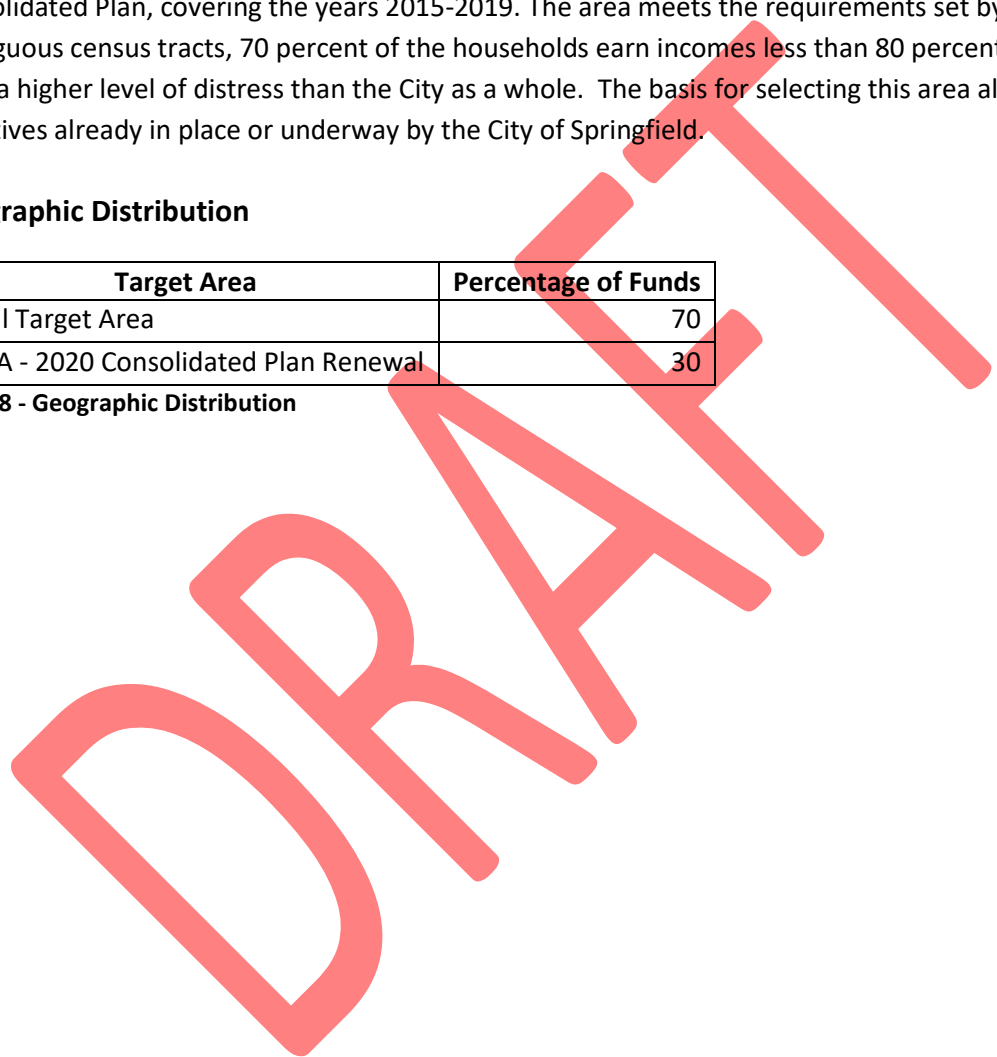

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Springfield will continue to focus efforts in a Neighborhood Revitalization Strategy Area (NRSA) on the north side of the City. This area is the same as the NRSA as certified in the previous Consolidated Plan, covering the years 2015-2019. The area meets the requirements set by HUD, having contiguous census tracts, 70 percent of the households earn incomes less than 80 percent HAMFI and have a higher level of distress than the City as a whole. The basis for selecting this area also includes initiatives already in place or underway by the City of Springfield.

Geographic Distribution

Target Area	Percentage of Funds
Local Target Area	70
NRSA - 2020 Consolidated Plan Renewal	30

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Springfield's investment of CDBG funds is based on whether the activity falls within a City funding priority, whether the service is an eligible activity, and whether the service or need meets a national objective. In addition, the activity must meet one of the following CDBG objectives: (1) provide a suitable living environment; (2) provide decent housing; and (3) provide economic opportunity.

Resources are allocated to maximize the benefits to residents within target areas. While public infrastructure, parks, open space, and public facility type projects are exclusively within targeted areas, other strategic investments are made for the benefit of low- and moderate-income residents throughout the City. In order to meet high priority needs of the community such as job creation and economic development, it may be necessary to invest outside low/moderate census tracts.

HOME Investment Partnership Funds (HOME) will be used to produce affordable rental housing, produce affordable homeownership units, directly assist homebuyers, and provide tenant-based rental assistance.

ESG and HOPWA funds are targeted to meet the identified needs of the eligible populations within the geographic area. For ESG, the service area is the City of Springfield. Investments are made in accordance with relative priority and statutory spending caps. HOPWA funds are allocated throughout the EMSA which includes Hampden, Hampshire and Franklin counties. HOPWA funds are allocated primarily to alleviate the housing cost burden and provide supportive services for eligible households.

Discussion

In making funding decisions, the City of Springfield will give priority to activities that:

- Meet a goal or priority of the 2020-2024 Consolidated Plan
- Meet an eligibility criterion of the federal funding resources
- Leverage other resources
- Affirmatively further fair housing
- Support, complement or are consistent with other current local unit of government plans
- Address underserved populations with the greatest needs including the elderly, disabled, victims of domestic violence and the disenfranchised such as the homeless and the near homeless
- Are sustainable over time
- Have demonstrated cooperation and collaboration among government, private nonprofit agencies and the private sector to maximize impacts and reduce administrative costs
- Do not have a more appropriate source of funds

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City will fund and undertake multiple housing projects to improve the quality of the City's housing stock. The City will preserve and expand housing options for residents to access safe, sanitary, and affordable homes. In addition, the City will target many of its affordable housing projects in the local Neighborhood Revitalization Strategy Area (NRSA) to revitalize its most distressed neighborhoods.

One Year Goals for the Number of Households to be Supported	
Homeless	45
Non-Homeless	490
Special-Needs	90
Total	625

Table 9 - One Year Goals for Affordable Housing by Support Requirement

One Year Goals for the Number of Households Supported Through	
Rental Assistance	135
The Production of New Units	35
Rehab of Existing Units	355
Acquisition of Existing Units	100
Total	625

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

Production of Affordable Housing Units

- Brooking School Apartments, 367 Hancock Street, 11 HOME-funded/42 total units, developer: Home City Development (HOME - \$100,000)
- Knox Residences I, 53 Wilbraham Road, 11 HOME-funded/55 total units; developer: First Resource Development (HOME - \$400,000)
- Knox Residences II, 42 Waltham Road, 11 HOME-funded/41 total units, developer: First Resource Development (HOME - \$400,000)
- Infill homeownership: 2 single-family homes; developer to be selected through a Request for Proposals (HOME - \$353,460)
- The City will also using Disaster Recovery funds for development of single-family homes and expects to complete 3 homes with these funds in the 2022-2023 year; these units are not

included in the totals in the charts above because they are covered under separate reporting.

Rehabilitation of Existing Units –

- Baystate Place, 414 Chestnut Street, 11 HOME-funded/346 total units, developer: Beacon Communities (HOME \$300,000)
- Revitalize CDC, 3 units (CDBG \$35,000)
- Homeowner Emergency Repair Program, 30 units (CDBG \$425,000)
- Heating System Repair and Replacement, 306 units (CDBG \$167,202)
- Lead Paint Hazard Reduction, 5 units (CDBG, TBD)
- The City also has a HUD Lead-Based Paint Hazard Reduction Program grant which will fund lead hazard removal in another 30 homes this year; these units are not included in the totals in the charts above because they are covered under separate reporting.

Acquisition of Existing Units –

- The City's HOME-funded first-time homebuyer's assistance program will provide funding for down payment and closing costs for 100 income-eligible households. The program serves eligible households on a first-come, first-served basis. Applications are available on-line and in person at the Office of Housing. (HOME \$400,000, CDBG \$100,000)

Rental Assistance –

- HOME-funded Tenant-Based Rental Assistance (TBRA) program will provide rental assistance to 45 households. This program is operated by the Mental Health Association and by the City and provides supportive housing to people with disabilities who have been homeless, and will serve 45 households. (HOME \$305,000)
- The Emergency Solutions grant (ESG) program will fund a Rapid Re-Housing program to rapidly rehouse people experiencing homelessness: 35 households (ESG TBD)
- The Housing Opportunities for Persons with AIDS ((HOPWA) program will provide tenant-based rental assistance to 40 HIV positive people and their families. This program is operated by River Valley Counseling Center and A Positive Place (Cooley Dickinson), and serves people throughout Hampden, Hampshire and Franklin Counties. (HOPWA TBD)
- The HOPWA program will provide short-term rental, mortgage and utilities assistance (STRMU) to 50 households with a family member with HIV/AIDS. This program is operated by New North Citizens Council. (HOPWA TBD)

Through these goals, the City of Springfield will impact 625 households, through rental assistance, down payment assistance, creation of new affordable housing units, and renovation of affordable housing. Of those 625 households estimated to benefit from Springfield's affordable housing projects, 45 households will be homeless and 90 will be special needs households.

DRAFT

AP-60 Public Housing – 91.220(h)

Introduction

The Springfield Housing Authority (SHA) is the public housing agency for the City of Springfield. SHA provides a total of 1,809 public housing units in 19 different developments. In addition, SHA administers 2,574 Housing Choice Vouchers, 306 Family Unification Vouchers, and 295 NED vouchers (vouchers for non-elderly, disabled households). SHA provides additional housing through 115 Massachusetts Rental Voucher Program (MRVP) tenant-based subsidies.

The COVID-19 pandemic and stay-at-home orders have presented a challenge for SHA to communicate with residents. The offices at SHA, at the time of the publication of this document, were working to improve these communication lines. Plans under the one-year plan for SHA are reflective of pre-pandemic needs and goals.

Actions planned during the next year to address the needs to public housing

The City will provide CDBG funding to support SHA's Duggan Youth Program, an after-school program for youth in the Duggan Park family public housing complex.

SHA will continue current partnerships and seek new partners to provide services for its residents.

- For Families - An ongoing need for SHA families is the availability of skills training to enhance employment opportunities.
- For seniors - Staff will continue to work with community resources to provide services that assist seniors in aging in place.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Families are referred to community resources, including financial literacy and home ownership opportunities. SHA will continue to work with its current community partners, as well as identify new community partners, to deliver services to public housing residents and housing choice voucher holders

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The SHA does not have a troubled status designation.

Discussion

The SHA undertake the following activities, as listed in its 2020 Annual Plan:

- Continue the process of converting to a new Yardi software system
- Adopt to new income limits for federal aided and state aided public housing programs and Section 8 programs
- Explore disposition application for Avery Building/Hobby Club located at 309 Chestnut Street and to complete the sale of property upon approval
- Adopt a new amendment to the Administrative plan for Project Based Voucher to include MassNAHRO updates to the administration of the waiting list
- Re-open the public housing wait list
- Continue capital improvements as part of the Energy Performance Contract
- Explore opportunities for Rental Assistance Demonstration (RAD) and opportunities for RAD Conversion
- Seek HUD approval to replace fleet using the Marble Street proceeds
- Continue to look for more grant opportunities

DRAFT

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The response to homelessness in Springfield is coordinated by the Springfield-Hampden County Continuum of Care (CoC), a collaboration of municipalities, service providers and other stakeholders working to prevent and end homelessness. The CoC annually applies for and receives federal and state funds on behalf of multiple agencies that provide housing and services for people experiencing homelessness.

The City uses ESG and HOPWA grants to fund agencies to provide homelessness prevention and rapid rehousing programs. Street outreach is provided through several programs: a SAMHSA Projects for Assistance in Transition from Homelessness (PATH) program carried out by Eliot Community Health Services; Healthcare for the Homeless; and the Mental Health Association. In addition, the Springfield Police Department and clinical staff from the Behavioral Health Network (BHN) conduct regular outreach details to unsheltered individuals as part of Project Hope. Two state funded agencies—the Center for Human Development (CHD) and Gandara Center—provide outreach to unaccompanied homeless youth. In 2022, the City used ESG-CV funds to support additional street outreach carried out by Catholic Charities/Mercy Medical Center.

The CoC collaborates closely with mainstream service systems to meet the needs of people experiencing homelessness, including chronically homeless individuals and families, veterans and their families, and unaccompanied youth.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City's efforts complement those of the Springfield-Hampden County Continuum of Care, which uses HUD CoC and the State EOHHS Homeless Youth Grant funds to support a coordinated entry system. As part of coordinated entry, the CoC uses the Vulnerability Index-Services Prioritization Decision Assistance Tool (VI-SPDAT) (and the specialized versions of the tool for youth and families) on a system-wide basis, to uniformly assess homeless persons and refer them to housing and other support services.

Specific actions the City will take to reach out to and assess the individual needs of homeless persons are:

- Support outreach and supportive services for individuals experiencing homelessness by using the Health Services for the Homeless (HSH) grant and ESG-CV funds
- Continue operation of Project Hope, the police department partnership with BHN clinical staff

- that provides outreach and engagement with unsheltered individuals
- Use ESG funds to support rapid rehousing case management for homeless individuals

Addressing the emergency shelter and transitional housing needs of homeless persons

The City will use ESG, CDBG, and state funds to support operation of emergency shelter for homeless individuals and youth/young adults, and to support operation of emergency shelter for survivors of domestic violence.

The City of Springfield has set the following one-year goals to address emergency shelter and transitional housing needs of homeless persons

- Provide overnight shelter and crisis housing for homeless families and individuals – 1000 persons assisted
- Provide rapid re-housing assistance to 35 households

In response to the pandemic and using ESG-CV funds, the City began in 2020 to provide funding to Catholic Charities Agency to provide emergency shelter in hotel rooms for individuals unable to access shelter in existing congregate emergency shelters. The hotel project includes street outreach; intensive case management directed toward achieving housing stability; and health care delivered to individuals on the street or in hotel rooms. This work will continue in 2022-2023. The City has also provided ESG-CV rapid rehousing funds to Catholic Charities to provide rental assistance to people exiting homelessness.

The City has provided ESG-CV funds to the YWCA of Western Massachusetts to provide emergency shelter in hotels for survivors of domestic violence.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City will use ESG funds to support Rapid Rehousing, which provides rental assistance to enable homeless households to quickly access housing. The ESG funds will supplement CoC and private Rapid Rehousing funds. The City's ESG funds will assist 35 households.

The City will use HOME funds to fund supportive housing for persons who have experienced homelessness and need assistance to prevent repeated homelessness. HOME will fund tenant-based rental assistance (TBRA), which will be matched with support services for people with high service needs or young adults. The City will also use HOPWA funds to provide permanent supportive housing to

homeless persons who have HIV/AIDS. The City of Springfield will assist 45 formerly households with TBRA and 40 households living with HIV/AIDS with TBRA in the next year.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The CoC coordinates with publicly-funded institutions of care via its coordinated entry system to plan for housing needs after people are dismissed from care. This coordination is most developed with hospital emergency rooms and the local system for people involuntarily committed for treatment for a life-threatening level of substance use. In 2021, the CoC began a new collaborative effort with the MA Department of Children and Families (DCF) to identify and provide housing and other assistance to young adults aging out of foster care who are at high risk of homelessness.

Discussion

The COVID pandemic has increased the resources available to address homelessness in our community. The City has allocated ESG-CV funds to support prevention, street outreach, non-congregate emergency shelter in hotel rooms, and rapid rehousing assistance. The City has found that the availability of non-congregate hotel rooms has been a significant factor in enabling unsheltered homeless individuals to leave the streets and stabilize. In 2022-2023, we hope to use lessons learned from this experience to identify and create housing models that will assist these individuals to transition to stable housing.

AP-70 HOPWA Goals– 91.220 (I)(3)

One year goals for the number of households to be provided housing through the use of HOPWA for:	
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	50
Tenant-based rental assistance	40
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0
Total	90

DRAFT

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Springfield zoning, land use, and public financing policies, combined with the City's status as a weak housing market (where the cost of construction is higher than what rents will support), has made it attractive for development of affordable housing. Zoning ordinances allow for the creation of multi-family structures in four different zoning areas. These areas comprise more than a third of all residential zoned parcels in the City and include parts of all 17 City neighborhoods.

The City uses its tax title program and federal funds to develop affordable homeownership opportunities. The City maximizes its federal and state funding to preserve and redevelop existing affordable housing. It provides funds for new workforce or affordable housing when the development is part of an overall strategy for neighborhood revitalization. The City provides down-payment assistance and other financial resources towards the development subsidies to expand affordable homeownership. The City's history of low barriers to development of affordable housing has resulted in a concentration of low-income housing within the City. According to the Commonwealth of Massachusetts' Department of Housing and Community Development, Springfield ranks 5th in the State for the number of income-restricted housing units, with 17.4% of its housing stock dedicated to affordable housing. In addition, the 2014 Pioneer Valley Regional Housing Plan, completed as part of a HUD-funded Sustainable Communities Regional Planning Initiative, indicates that 60% of all housing choice voucher mobile households in the Springfield metropolitan area use their voucher assistance within the City.

The lack of barriers to affordable housing in Springfield, in contradiction to the existence of barriers in communities surrounding the City, has contributed to racial segregation in the region. Springfield's Analysis of Impediments to Fair Housing (AI) notes how the concentration of affordable housing in Springfield, and the lack of affordable housing outside Springfield, are major contributors to regional segregation. Springfield is a minority-majority City, with overall low incomes, adjacent to higher-income suburban communities which are predominantly white. The AI identifies several factors related to housing policy which have contributed to segregation: concentration of public and subsidized rental housing in urban areas, exclusionary zoning, the history of redlining, and use of restrictive covenants.

The large stock of affordable housing is a contributing factor to a smaller tax base in the City, which makes it more difficult for the City to provide high-quality public services to community residents. Increasing taxes, or providing a less than ideal level of services, drives people with resources out of the City, contributing further to area's segregation. Springfield now has 13 census tracts which meet the definition of racially/ethnically concentrated areas of poverty, in which the poverty rate exceeds 40% and the non-White population exceeds 50%. Research indicates that neighborhoods with these characteristics have a detrimental impact on resident health, education, and employment outcomes for its residents.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Springfield does not plan to address these types of public policies during this action year. Instead, the City is focused on increasing opportunity within areas with high concentrations of affordable housing, as detailed throughout the Action Plan.

Discussion:

DRAFT

AP-85 Other Actions – 91.220(k)

Introduction:

The City utilize its annual allocation to tackle emergency home repairs, to address blighted homes (rehabilitation/redevelopment, disposition of tax title properties, demolition, code enforcement) and to encourage buyers to purchase in Springfield (homebuyer education, down payment assistance). When existing homes are abandoned, the City boards and secures the home to keep property and the neighborhoods safe. Springfield also administers a "clean and lien" program where the City clears abandoned properties and places a lien to secure the cost.

Actions planned to address obstacles to meeting underserved needs

In 2022, the American Rescue Plan Act (ARPA) will provide significant federal resources to address community needs. In the face of a new influx of funds, the City sees capacity as a challenge to meeting needs. The City and community organizations will create new programs and will need new staff to implement them. There will be a need for training and capacity-building activities in order for Springfield to take full advantage of the opportunity.

Actions planned to foster and maintain affordable housing

Springfield's most prevalent housing problem is housing cost burden, driven by the community's high rate of extreme poverty. Previous sections of both the Consolidated Plan and the Action Plan have discussed initiatives that the City of Springfield with the annual allocations of CDBG, HOME, ESG and HOPWA funding. Many of these projects will work to foster and maintain affordable housing. Specific initiatives and goals the City will take on in the next year will include:

- New affordable housing units through rehab, new construction, and acquisition
- Assist households to become homeowners
- Improve the city's housing stock

Actions planned to reduce lead-based paint hazards

Specific actions the City will take to evaluate lead-paint hazards during the next year will include:

- Utilization of the City's Code Enforcement inspectors to evaluate potential hazards and to enforce remediation in compliance with Massachusetts lead laws. Federal and local funds are used to conduct inspections, which all include lead hazard evaluation
- Evaluation by Office of Housing staff inspectors of every property during the application/underwriting process for any housing assistance program
- Mandatory pre-rehabilitation lead testing including soil samples for all HOME-funded project-based homeownership and multi-family production programs

- Public education about the risks of lead-based paint and the danger of disturbing lead-based paint during home renovation projects

Specific actions to reduce the number of housing units containing lead-based paint hazards will include:

- Mandatory remediation within rehabilitation specifications for all project-based and multi-family projects
- Operation of a federal Office of Healthy Homes and Lead Hazard Control grant to abate hazards in privately owned rental and owner-occupied housing

Actions planned to reduce the number of poverty-level families

The City of Springfield has a high concentration of poverty. The COVID pandemic has resulted in increased unemployment. The City is using COVID-CV funds to support local businesses and to maintain jobs in the community. As we look to recovery over the next year, the City has identified the need to provide employment training and to address the “cliff effect” to enable families to make the transition from receiving public assistance to becoming self-sufficient.

The City has outlined a variety of one-year goals that include creating an inclusive economy. One-year initiatives include:

- Support small business, creating or retaining jobs that target low- and moderate-income individuals
- Fund efforts to grow the creative economy
- Support public services, including employment training, for low income individuals and families

Actions planned to develop institutional structure

Through a cabinet of departments that includes Office of Community Development, Office of Housing, Office of Neighborhood Services, and the Office of Economic Development and Planning, the City continues to enhance the coordination of the delivery of services and in the development of low- and moderate-income areas regardless of project funding sources. The major institutional focus is to increase coordination and communication among all involved parties from the initial concept through project completion.

Springfield will implement its consolidated plan strategy through private industry; non-profit organizations, including CBDOs and CHDOs; the Springfield Redevelopment Authority; the Springfield Housing Authority; Develop Springfield; and City departments. The utilization of a broad base of organizations will assist the City in addressing its community development, housing, homeless and special needs objectives. However, while the number and abilities of the organizations and departments involved are an institutional strength, the City will constantly work to coordinate the projects and programs.

Actions planned to enhance coordination between public and private housing and social service agencies

The utilization of a broad base of organizations to implement this Action Plan will enable the City to address its community development, economic development, housing, homeless and special needs objectives. The City seeks to enhance coordination between public and private housing, health, and social service agencies through multi-disciplinary/multi-agency teams that focus on particular issues or neighborhoods. Some of these teams that will be active during 2022-2023 are: LiveWell Springfield; the Springfield Climate Justice Initiative; the Springfield Food Policy Council; the Healthy Homes Collaborative; the Buy Springfield Now campaign; the Springfield Police Department's Hub + Core and C3 neighborhood initiatives; the Continuum of Care; and multiple youth providers working collaboratively as part of the CoC's Youth Homelessness Demonstration Project. Our community will continue its partnership in implementation of 413Cares, an innovative online portal that links community members to the broad range of resources available in our community.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

AP-90 HOME and HOME Recapture Policies made as part of this document; AD-26; Appendices

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

- | | |
|--|----------|
| 1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed | 0 |
| 2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan. | 0 |
| 3. The amount of surplus funds from urban renewal settlements | 0 |
| 4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan | 0 |
| 5. The amount of income from float-funded activities | 0 |
| Total Program Income: | 0 |

Other CDBG Requirements

- | | |
|---|--------|
| 1. The amount of urgent need activities | 0 |
| 2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan. | 97.00% |

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City of Springfield will not use forms of investment for the HOME Program during this fiscal year

other than those described in 92.205(b).

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The City of Springfield's HOME Program funds two types of homebuyer activities--1) Down Payment Assistance and 2) Project-Based Homeownership-Homeowner Subsidy. The City applies the same Recapture guidelines for both programs. However, the length of the affordability period differs, depending on the amount of assistance provided.

The City's Down Payment Assistance program does not provide more than \$4000 per recipient, and the affordability period is capped at 5 years. In the Project-Based Homeownership program, the period of affordability varies from 5 to 15 years, depending on the amount of the direct subsidy provided to the homebuyer (up to \$14,999 = 5 years; \$15,000-39,999 = 10 years; \$40,000 or over = 15 years). The amount of HOME assistance/HOME investment subject to recapture is the direct subsidy that enabled the homebuyer to purchase the property. The HOME subsidy is defined as the difference between the fair market value of the property at the date of purchase by the participating owner(s) and the affordable purchase price paid by the participating owner(s) on that date.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The City of Springfield Resale / Recapture Policies have been included as part of the Appendix G. All subrecipients, grantees and CHDO's must follow the approved City policies regarding Resale / Recapture.

The City of Springfield requires all housing developed to be modest housing, as described in 24 CFR Part 92.254 (a). The City of Springfield utilizes the HUD affordable Homeownership Limit for new construction and existing housing. All CHDOs, recipients and subrecipients must follow these same limits for the sale of affordable housing units.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not use HOME funds for refinancing.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

The City of Springfield has included the written standards for providing ESG Assistance in Appendix H.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The CoC has established a tiered coordinated assessment system for homeless and at-risk standardized assessment and referral, as well as a ranking of people eligible for permanent supportive housing (PSH) which prioritizes those who have the highest service need and longest lengths of stay in homelessness.

The tiered assessment tools used as part of the coordinated system are:

- Prevention Assessment Tool, used to prioritize households seeking prevention financial assistance
- Diversion Questionnaire, used to determine whether a household may be able to avoid shelter use by accessing another safe housing option
- Vulnerability Index-Service Prioritization Decision Assistance Tool (VISPDAT), Transition-Age-Youth (TAY) VISPDAT and Family VISPDAT, used to prioritize among people eligible for permanent supportive housing (PSH)

The tools provide guidance to appropriate standard referrals. Information from the VISPDAT is entered into the online secure assessment tool, which is used at multi-agency case conferencing meetings to fill vacancies in PSH based on length of homelessness and level of service needs, and to refer people for RRH. Vacancies in CoC PSH units are filled solely through referral from the coordinated entry system.

There are two specialized parts of the coordinated entry system. The first is a Youth (age 18-24) System, which includes a 24/7 hotline and connection with housing navigators who are specifically trained to work with young adults. The second part is coordinated entry specifically for survivors of domestic violence; the DV CE system is operated by the two DV agencies in Hampden County, the YWCA and Alianza DV Services.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City's 2021-2022 allocation is \$333,698; the City will retain \$23,358 of that amount for administrative costs. The balance of \$310,340 will be allocated to the agencies selected in spring 2021 using a Request for Proposals (RFP) process led by the Springfield Office of Housing. The RFP was advertised in the local newspaper, posted on the City's Office of Housing website (<https://www.springfield-ma.gov/housing/>), and sent by email to the members of the Continuum of Care. The selection committee will consist of City Staff and members of the CoC.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City of Springfield is unable to directly meet the requirement that it have a homeless or formerly homeless individual on its policy-making Board of Directors, because the City's policy is made by elected officials. The City meets its requirement to include homeless or formerly homeless individuals in considering and making policies and decisions regarding ESG-funded facilities, services, or other assistance through extensive participation in and consultation with the Springfield Continuum of Care, an entity that includes formerly homeless individuals as members of the Board of Directors. The City also requires each subrecipient to meet the ESG homeless participation requirements.

5. Describe performance standards for evaluating ESG.

ESG performance standards vary by type of program as follows:

- Prevention - Utilization: 100%; Exit Data Captured: 90%; Remain in housing or more to other permanent housing: 95%; Missing data elements: no more than 3%.
- Emergency Shelter - Average length of stay: decrease by 5%; Exit data captured: 30%; Exits to PH: 20%; Missing data elements: no more than 5%.
- Rapid Rehousing - Utilization: 100%; Literally homeless at entry: 100%; Exit data captured: 90%; Received non-cash benefits: at least 90%; missing data elements: no more than 5%.

Project performance is considered during evaluation of project proposals for renewal.

DRAFT
