SECTION 4.2 TIERED REVIEW LEVELS

Section 4.2.10 Tiered Review System

This Ordinance designates some USES as permitted AS OF RIGHT in specified districts, requiring only a BUILDING PERMIT or USE PERMIT as described in Article 11 and Article 12. Such USES are designated by a “Y” in Table 4-4, Use Table. USES not allowed are shown with an “N” in Table 4-4. For all other USES in Table 4-4, this Ordinance establishes a TIERED REVIEW based on the scale and potential impact of the particular USE. These tiers are outlined in Table 4-1 and illustrated in Diagram 4-1.

Section 4.2.20 Determination of Applicable Tiered Review

4.2.21 Tier Specified in Use Table

If Table 4-4 specifies that a certain USE is subject to a specific tier of review (1, 2, 3 or 4), then that review level applies regardless of the size or impact of the USE.

4.2.22 Tier Not Specified in Use Table

In order to provide review procedures that match the scale of development, Table 4-4 designates many USE categories with a “T” designation. In that case, such USE is subject to SITE PLAN and/or Special Permit approval and the applicable TIERED REVIEW shall be based on the thresholds found in Table 4-2. These thresholds include common impact measurements such as number of DWELLINGS, FLOOR AREA, DISTURBANCE AREA, and BUILDING HEIGHT. It is the threshold that triggers the highest TIERED REVIEW that is the determining factor. In the case of a MIXED-USE BUILDING, or a USE where the threshold in Table 4-2 is not clear, then the TIERED REVIEW level shall be determined by the BUILDING COMMISSIONER.

4.2.23 Higher Thresholds for Reuse of Existing Structures

Where an application for a proposed USE designated as “T” in table 4-4 involves the REUSE or expansion of an existing STRUCTURE in which at least three existing exterior walls will remain in place, the applicable tier shall be based on the thresholds in Table 4-2, Thresholds for TIERED REVIEW under the section *Reuse of Existing Structures*. The applicable TIERED REVIEW shall be based on the parameter in Table 4-2 (number of DWELLING UNITS, FLOOR AREA or HEIGHT) that triggers the highest level of TIERED REVIEW. The proposed size of the STRUCTURES as modified (not in their existing condition) shall be used in determining which thresholds apply. In the case of a MIXED-USE BUILDING, or a USE where the threshold in Table 4-2 is not clear, then the level of TIERED REVIEW level shall be determined by the BUILDING COMMISSIONER.

May 2009 Revision 10– pertaining to Campus Master Plan purpose

Make the following changes to Section 6.1.11 (page 131 November 2008 Draft)

6.1.11 The purpose of this section is to provide a means by which a major “campus” DEVELOPMENT may continue to function and grow in a sensitive and planned manner that preserves the integrity and long-term viability of the surrounding neighborhoods. The Campus Master Plan option is designed primarily for colleges, universities, hospitals and similar educational facilities (whether or not these are exempt from USE regulation under State law) that include multiple BUILDINGS and uses in campus environments adjacent to neighborhoods. The option may also be used by other exempt entities such as religious uses that have similar campus settings in residential districts.

May 2009 Revision 11– pertaining to Streamlining Tier 1 Permits

Make the following changes to Section 12.2 (page 256 November 2008 Draft)

SECTION 12.2 ADMINISTRATIVE SITE PLAN REVIEW (TIER 1)

Administrative Site Plan Review shall be conducted by the Office of Planning and Economic Development in cooperation with the BUILDING COMMISSIONER’S Office, Department of Public Works, and other departments that have jurisdiction or an interest in the application. Tier 1 projects that are classified as exempt from review by the Office of Planning and Economic Development pursuant to Section 12.2.60 shall be reviewed as provided in Section 12.2.60.

Section 12.2.10 Submission Requirements

12.2.11 An applicant for Administrative Site Plan Review shall submit a complete application for Administrative Site Plan Review, including a plan of the subject PARCEL on a location map (e.g. a tax map) showing boundaries and dimensions of the PARCEL and identifying contiguous properties and STREETS that are within fifty (50) feet of a proposed STRUCTURE as well as any easements or rights-of-way. If the application is deemed exempt under Section 12.2.60, no further information shall be required, except as may be necessary to establish the

exemption or as may be required by the BUILDING COMMISSIONER'S Office for a Building Permit.

Insert the following new Section 12.2.60 (page 259 November 2008 Draft)

Section 12.2.60 Exempt Projects

12.2.61 The Office of Planning and Economic Development may establish classes of Tier 1 projects which, because of their size and scale, and because of staffing limitations in the Office, are deemed not to require full Administrative Site Plan Review. Such classes may be established and may be modified from time to time as workload and staffing levels require or permit. Such classification of projects shall use the same categories used in the tiered review system thresholds in Table 4-2, but with lower thresholds than indicated in Table 4-2 for Tier 1. (For example, new structures designated "T" on the Use Table with 3 – 5 dwelling units, or non-residential uses with less than 10,000 square feet of floor area may be classified as exempt under this Section 12.6.60.) When establishing such exemption classifications, the Office of Planning and Economic Development shall post such classifications on the City's website and shall place copies of the classification system on the front counter of the Office.

12.2.62 Applications classified as exempt by the clerk at the front counter of the Office of Planning and Economic Development, based upon the posted classification system shall be stamped "Exempt from Site Plan Review" and sent forthwith to the BUILDING COMMISSIONER'S Office. Such applications shall require no further review by the Office of Planning and Economic Development. The counter clerk shall make a notation of the applicant's name, tax parcel number, and other identifying information required by Office of Planning and Economic Development for purposes of record-keeping. The applicant shall have the option of bringing such applications directly to the BUILDING COMMISSIONER'S Office upon receipt of the exemption stamp and recording of the identifying information described above. Exempt applications shall not be required to comply with any of the provisions of Section 12.2, except that information necessary to establish the application's exemption from Tier 1 Site Plan Review shall be submitted

12.2.63 The Office of Planning and Economic Development shall monitor and evaluate the exemption process and may make adjustments to the exemption thresholds from time to time. Such modifications may include limiting exemptions or establishing different exemption thresholds by zoning district and/or use category.
